TREWICK-LINN.

The Wedding Nuptials of one of Nevada's Fairest and Most Accomplished Daughters.

The wedding of Mr. Roger Trewick, of Winnemucca, and Miss Emma Linn, the beautiful and accomplished daughter of J. J. Linn, Esq., of the Reno Gazette, took place at the residence of the bride's parents, on the south side of the river, at 6 o'clock last evening, Rev. William Lucas, pastor of the Episcopal Church, officiating. A beautiful floral umbrella, constructed by the Misses Young, Spence and Bonfield, special friends of the bride, formed an enchanting canopy under which the contracting parties stood during the nuptial ceremonies. The bride was dressed in a traveling suit of ladies cloth, very neatly and tastefully made, while the bridegroom wore a plain, neat fitting black suit. The bridesmaids were Miss Bertha Spence and Miss Dell Bonfield, and Archie Trewick and A. L. Linn, groomsmen. Among the guests present were Mr. and Mrs. Scott, brother-in-law and sister of the bridegroom, of Blue Canyon, Cal.; A. Trewick, of Winnemucca; Miss Della and Dora Bonfield, of Winnemucca; Miss Bertha Spence, of Carson; Mrs. Gertrude La Forge and niece, of Clanton, and Mrs. Golden, of San Francisco, California; Mrs. and Mrs. W. H. Young, Mr. and Mrs. C. S. Varian, Miss Mary Young, Prof. Orvis King and Dr. J. J. Moore. The newly married couple were the recipients of many beautiful and costly tokens of friendship, of which the reporter was able to note the following:

PRESENTS.

J.; a white satin fan and embroidered silk handkerchief from Mary and Johnny Osborne, of Winnemucca; an elegant terra cotta cigar and match stand in the shape of a Gondola, from Mrs. W. H. Young, of Reno; to the bridegroom; an album from A. L. Linn, brother of the bride; a tate-a-tate set from Mrs. Linn; an elegant bouquet of flowers from R. P. M. Kelly, of Reno; a choice lot of beautiful flowers from different Reno friends. A new "Henry Miller" piano, from Mr. Archie Trewick; a set of silver spoons from Mr. and Mrs. Scott, of Blue Canyon; a beautiful silver card receiver from Dr. J. J. Moore, and a set of silver tea spoons from Mr. and Mrs. C. S. Varian, and a silver card case from Mrs. Golden.

After the completion of the marriage ceremony and the usual congratulations the guests were invited to a sumptuous repast in which all present heartily joined.

Mr. Trewick is a most exemplary young man, 26 years of age, a locomotive engineer on the Humboldt Division of the O. P. R. R., and his bride is a beautiful blonde of 20 summers, and one of the most accomplished young ladies in the State. It is a splendid match, and the JOURNAL joins with the numerous friends of the young people in wishing them a long life of uninterrupted happiness. The happy couple left on last evening's train on a bridal trip to Sprague, Washington Territory, where the parents of the bridegroom reside. They will be gone about a month, when they will return to Carlin, Nevada, their future home.

The Mayberry Bridge.

The Commissioners at their adjourned meeting Tuesday afternoon decided to rebuild the Mayberry bridge. The plans and specifications presented by Lonkey & Smith, of Verdi, were adopted as being the most economical. All the iron and timbers in the old bridge, as far as practicable, will be used in the new structure, and the plan adopted was drawn with that especial object in view. It is thought that the greater part of the old material can be used, and if so it will make a thousand dollars difference in the cost of the structure. The Board will advertise for thirty days for bids to do the work in accordance with the plan and specifications on file in the Clerk's office. The work, therefore, cannot be commenced in any event before the middle of September.

He Wasn't Frightened.

The prisoners in the County Jail had a big scare Tuesday evening. Pine went to his supper leaving the gas burning in the Sheriff's office which communicates with the jail. Soon after he left the air in the pipes put the gas out, and as a result the full force escaped until his return, about an hour. The vile stuff soon filled the office and found its way through the iron bars into the jail. The fellows inside stood it until the air began to get pretty thick when they struck up a shout for help, but didn't succeed in arousing anybody until the jailer returned. One fellow who hadn't been in the cooler but a short time said he was not at all frightened, but on the contrary rather enjoyed the change from the ordinary fumes of the jail to that of cool gas. He thought most any change would be an improvement.

The Marionettes.

On next Saturday, August 9th, (the Marionettes will be at the theater. This is a show worth seeing. Seats are going off rapidly. In regard to the entertainment the big New York Herald gushes as follows: "We did not know how low flesh and blood had fallen until we saw how high Pantomime could rise. Having seen actors that could not act it becomes interesting to see Marionettes that can. True, they have only yet attempted pantomime, burlesque and negro minstrelsy, but having rivalled Fox, Lydia Thompson and Billy Birch, who shall say what they will attempt next? Our actors and actresses should go in squads to see the Marionettes."

Serious Accident.

Mrs. Blair, wife of John Blair, who resides about a mile north of town on the Susanville road, met with a serious accident yesterday afternoon. She was standing by the side of her husband while he was whitening his team, when a coil made a sudden jump, knocked the lady down and kicked her in the back part of the head, rendering her unconscious for a time. Dr. Bergman was immediately called and found a scalp wound about three inches long which required several stitches to close. The doctor does not consider the injuries dangerous, and thinks the lady will be all right in a few days unless inflammation of the brain should ensue.

Louis Blanding, a well-known mining engineer and for thirty-one years a resident of California, has been committed to the Napa insane asylum. He is a victim of the melancholia mania. He is the inventor of a process for treating refractory ores, and is a brother of Captain W. H. Blanding, ex-Harbor Commissioner.

Five young roosters of the genius (tramp) were before the Police Court yesterday on a charge of vagrancy. The Justice in his goodness of heart gave them three hours in which to appear for trial, but the boys concluded it would be unsafe to show up and summarily skipped the town.

George Cooper was before Justice Young yesterday on a charge of petit larceny. He demanded a jury, got it, was promptly convicted, and the Justice sent him up for 60 days.
